## Life & Accidental Death & Dismemberment Insurance

### Voluntary Life/AD&D Insurance Plan

While **Paint Creek ISD** offers basic life insurance, some employees may want to purchase additional coverage. Think about your personal circumstances. Are you the sole provider for your household? What other expenses do you expect in the future (for example, college tuition for your child)? Depending on your needs, you may want to consider buying supplemental coverage.

With voluntary life insurance, you are responsible for paying the full cost of coverage through a post-tax payroll deduction. You can purchase coverage for yourself in increments of \$10,000 with a minimum of \$20,000 and a maximum of \$500,000. Guaranteed issue \$200,000. If you purchase coverage for yourself, you can also purchase coverage for your spouse in increments of \$5,000 with a minimum of \$10,000 and a maximum of \$250,000 (100% of employee's election cannot exceed \$250,000). Guaranteed issue \$50,000. You can elect coverage for your child(ren) at a flat amount of \$10,000 (you only pay premium for one, no matter the number of children). The chart below outlines the monthly costs of purchasing additional coverage.

# Permanent Life & Long-Term Care

Chubb

CHUBB®

Life & Long  
Term Care

## Two important coverages for when you need them the most.

Permanent Life + Long-Term Care (LTC) is two-in-one security. It combines **permanent life insurance** with benefits that can help with the high costs of **long-term care services**. It helps protect your family from the financial impact of losing a loved one or needing extended care. You select a benefit amount that works for you, and you **lock in a rate** that is designed to last a lifetime and doesn't increase due to age.

Universal Life adjusts to your changing needs as you age. It provides a **higher death benefit** during your working years, when you may need the protection most. The death benefit then reduces after age 70, while your benefit for long-term care remains at the same high level.

## Example of Benefits for Long-Term Care

For a \$50,000 policy, your benefits might pay like this:

\$50,000	You can collect 4% of your benefit amount per month for up to 25 months to help pay for long-term care services.
+\$50,000	Plus, if you collect benefits for LTC, your full death benefit can still be paid to beneficiaries.
+\$50,000	Plus, you can extend your benefits for LTC an extra 25 months, up to 50 total months.
\$150,000	Total Maximum Benefit!

Benefits for long-term care begin to pay after 90 days of confinement or services; to qualify you must meet the conditions of eligibility for benefits. Availability and names for long-term care, restoration, and extension of benefits for long-term care may vary by state. The benefit amounts shown are for sample plans and are not a guarantee.

## More Flexible Universal Life Features

- Coverage up to \$250,000
- **Cover all children** with a term life insurance rider. They can later simply convert coverage to permanent Universal Life.
- EZ Value option: provides **automatic annual benefit increases** without additional underwriting.
- Once you have a policy, your rate is locked in and **will not increase due to age**.
- Accelerate **up to 50% of your death benefit** if a doctor determines your life expectancy is 24 months or less.
- **No medical exams** or blood work to apply – just answer a few simple questions.
- Fully **portable** – keep your coverage, at the same rate and benefits, if you change jobs or retire.
- Pay for coverage via **convenient payroll deduction**, as long as you stay with your employer.
- **Apply for family members** as well as for yourself.
